Giselle Truelove had lost her job and lost her girlfriend. She was sure life couldn't get any worse when she heard a soft cry coming from a New York City dumpster. Thinking that a kitten needed rescuing, she reached in and discovered that a newborn baby girl had been thrown away. The abandoned baby gave Giselle something to love and a sense of purpose. Unfortunately, she had only a short time with the child before legally she had to turn her over to the authorities.

The baby was removed from Giselle's apartment by Homicide Detective Dale Porter. Dale did this as a favor for Sandy, Giselle's best friend. What happens next is the story of two women, both fragile and with family problems, who help each other work through their personal issues. In the process, they discover a mutual attraction to each other and they experience some very, very hot sex.

In *Not Single Enough*, Grace Lennox has once again given readers an enormously engaging modern romance that takes many twists and turns before its satisfying conclusion. Her characters are complex and real. They are also extremely likeable, quirky, funny, and they keep the reader turning pages to see how they will solve their problems.
